# U.S. EXPORT SALES

- Outstanding Export Sales  
(Unshipped Balances )  
On March 23, 1975
- Export shipments in  
Current Marketing Year
- Daily Sales reported  
March 24, 1975 - April 1, 1975

--As Reported by Exporters

Readers of this release are cautioned that it reports sales commitments outstanding as of the date indicated, all of which are subject to modification, deferral or cancellation by mutual agreement of the parties. It is unlikely that all reported quantities will be exported. Our experience with this monitoring system suggests that sales are apt to exceed exports, sometimes by substantial amounts, during periods when supplies are in balance with expected demand. Actual shipments to date may provide a more reliable measure of current export activity. A meaningful export projection is not obtainable by the simple device of adding outstanding sales commitments to exports to date.

U. S. DEPARTMENT OF AGRICULTURE, FOREIGN AGRICULTURAL SERVICE

EXPORT SALES REPORT

Comments on release of April 3, 1975, (based on reports from exporters during the week ending March 23, unless otherwise noted):

Wheat: The apparent export commitment (cumulative exports plus outstanding sales) for 1974/75 increased by 257,200 metric tons (MT). Commitments to the European Community (EC) declined 38,100 MT, the fourth consecutive weekly decline. However, increased commitments primarily to Bangladesh (140,000 MT), Morocco (72,000 MT), and the Philippines (48,000 MT) more than offset that decline.

Feedgrains: The apparent export commitment for 1974/75 declined by 342,300 MT. The total corn commitment fell by 267,300 MT, primarily because of a reduction in the commitment to the EC of 235,100 MT. Sorghum commitments declined by 87,400 MT, largely on the basis of a 101,600 MT lower commitment to Poland.

Rice: The apparent export commitment for 1974/75 rose by 76,700 MT, with an increase in the commitment to the Republic of Korea of 62,500 MT the only significant change.

Soybeans: The apparent export commitment decreased by 426,000 MT, primarily to EC destinations, and further cancellations are expected to bring 1974/75 exports in line with the revised USDA estimate of nearly 12.7 million MT.

Soybean Meal: The FAO Intergovernmental Group on Oilseeds, Oils and Fats ended its 9th Session in Rome on March 28 and reached the following conclusions for 1975: Output of the major oilcakes (crude protein equivalent basis), including fishmeal, will be about 29.6 million MT, a decrease of 1.9 million MT from the record level of 1974; the Peruvian fish catch will approximate 6 million MT (Peruvian delegate's estimate); the Brazilian soybean production will reach 9.5 million MT; peanut meal exports will increase from Senegal, Sudan, and Argentina; Indian exports will be maintained in spite of a lower peanut crop; and exports of copra and cottonseed cake will increase while decreases in rapeseed, linseed, and sunflower cake exports are expected.

The apparent export commitment for 1974/75 decreased by 356,000 MT primarily because of sales cancellations to the EC and unknown destinations.

Soybean Oil: Exports reached the impressive level of 23,200 MT during the week, a sharp increase over the level of the week ending March 16. FAO projects world fats and oils production in 1975 at 45.6 million MT, a decline of 800,000 MT from the 1974 level, although exportable supplies should increase. Increased production and export availabilities were foreseen for Brazilian soybeans, Malaysian palm oil, and Philippine coconut oil.

Cotton: Activity during the week was limited with both exports and net new sales at low levels. With small cancellations reported by exporters--mostly to the People's Republic of China (11,000 running bales (RB)) and Greece (4,000 RB)--new registrations sufficed to raise the 1974/75 commitment by only 18,000 RB. New net sales for 1974/75 continued to be mostly to Far East countries although Ghana fixed an additional 5,000 RB for the second successive week. Exports of 70,000 RB were concentrated on staple lengths above 1-1/16", including 100 bales of ELS to West Germany. Net new sales fell largely in staples below 1-1/16" as cancellations offset most new sales above 1-1/16". Net new sales for 1975/76 of 14,000 RB were also at a slow pace. Increased 1975/76 sales were limited to Spain, Republic of China (Taiwan), and Japan, all of which were for staples more than 1-1/16".

OUTSTANDING EXPORT SALES AND EXPORTS - MARKETING YEAR 1974-75
